Volunteers Assisting Seniors--Nebraska SHIP

Medicare Open Enrollment
October 15-December 7

You could save money on your Medicare prescription drugs by reviewing your prescription drug plan during Open Enrollment! You may also review, compare, and switch Medicare Advantage Plans during Open Enrollment.

Medicare drug plans can increase their premiums, deductibles and prices at the pharmacy each year. Medicare Advantage plans can also change what services and drugs they cover each year, in addition to potentially increasing premiums, deductibles and copays.

Volunteers Assisting Seniors can help!

Call (402)444-6617 beginning September 1 to schedule a personalized appointment to review your Medicare plan with a certified counselor.
